Full setup with Direct link. Game for Games Copyright 2016 - A .Q: if file is moved is there anyway to detect that move in android? Possible Duplicate: How can I detect if a file has been moved or renamed? is there anyway to detect that file is moved in android? A: This is only possible if the file system supports it (the move is an OS level operation); see 1. Field of the Invention The present invention relates to a cable assembly, and more particularly, to a connector assembly for effectively transmitting high-speed signals. 2. Description of the Prior Art High-speed signals are commonly used in high-speed transmission of digital electronic signals. U.S. Pat. No. 6,255,200 issued to Ma et al. on Jul. 3, 2001 discloses a conventional cable assembly for high-speed transmission. The cable assembly comprises a cable 200 and a corresponding connector 400. The cable 200 comprises an elongated insulative housing 10 and a plurality of wires 14. Two opposite end portions of the wires 14 are terminated by an insulation displacement terminal (IDT) 20 and a plurality of pins 22. A crimp barrel 300 and a crimp sleeve 400 are also installed on the cable 200. The crimp barrel 300 corresponds to the connector 400. The crimp barrel 300 is partly exposed on an outer surface of the elongated housing 10. The crimp sleeve 400 is assembled on the crimp barrel 300 and has a plurality of holes 401 for the pins 22 to pass
